

# Accessories

## Reaction arms

Each RAD tool includes a standard reaction arm. In addition to this, you can order the below special reaction arms to ensure correct reaction for different applications. Please consult [www.radtorque.nl](http://www.radtorque.nl) for dimensions and part numbers.

### Standard

### Deep Socket

### Double ended

### Various models of weldable blanks

## Custom designed reaction arms

If a standard reaction arm is not suitable for the job, RAD is able to provide you quickly a custom engineered reaction arm fully within safety standards. In addition to this, blank weldable reaction arms can be supplied for quick and easy customization.

## ◆ Safety sliding reaction arm

To reduce the pinching risk significantly RAD has developed sliding reaction arms. This also optimizes the reaction point.

### Curved reaction arm

### Sliding reaction arm

### Sliding reaction arm with tube

## Tool accessories

To further enhance the productivity and safety of RAD torque tools RAD has developed a wide range of accessories. For further details, please visit our website [www.radtorque.nl](http://www.radtorque.nl).

### Impact sockets

### Swivelling Tool Handle

### RAD nose extensions

### Offset gearboxes

# Safety

## RAD's advanced safety systems

Ergonomics and safety are very important during the design phase of any new RAD tool.

In addition to making the job more ergonomic and safe, RAD wants their tools to be easy to use, powerful, accurate and very reliable. RAD believes safety features should not impede workplace efficiency and speed, but should make workers aware of the risks involved in working with powerful tools.

RAD has developed a range of ergonomic and safety enhancing features:

### Ergonomic features:

- RAD's patented planetary gear reduction drive system delivers 88 times less vibration than impact wrenches.
- No risk of HAVS injuries (Hand-Arm-Vibration-Syndrome).
- Pistol grip trigger/control reduces operator fatigue
- RAD's low profile reaction arm eliminates all the operational load on the operator

### Tool safety features:

- Trigger guard kit for E-RAD series (option)
- Double safety trigger (option)
- Hand guard kit for E-RAD and pneumatic series (option)
- Safety sliding reaction arm (option)
- Safety instructions on CD-rom
- Warnings and attention notifications on tool and case
- Operators manual

**Trigger guard kit for E-RAD series**

**Double safety trigger for pneumatic series**

**Hand guard kit for E-RAD and pneumatic series**

**Safety sliding reaction arm**

Product	Safety feature	Suitable for
Number	TRIGGER GUARD KIT	RAD Torque Tool model
21889	E-RAD trigger guard kit	All E-RADs
Number	DOUBLE SAFETY TRIGGER	RAD Torque Tool model
200142	Double safety trigger for NPW 120	475 SL, 10 GX (TV), 14 GX (TV), 20 DX (TV)
200143	Double safety trigger for NPW 180	34 GX, 40 DX
200144	Double safety trigger for NPW 200	46 GX (TV), 80 DX, 110 DX
Number	HAND GUARD KIT	RAD Torque Tool model
21436	Hand guard kit for NPW 120	475 SL, 10 GX (TV), 14 GX (TV), 20 DX (TV)
21437	Hand guard kit for NPW 180	34 GX, 40 DX
21600	Hand guard kit for NPW 200	46 GX (TV), 80 DX, 110 DX
